Older Americans Month: May 2010

A meeting with the National Council of Senior Citizens resulted in President John F. Kennedy designating May 1963 as Senior Citizens Month, encouraging the nation to pay tribute in some way to older people across the country. In 1980, President Jimmy Carter's proclamation changed the name to Older Americans Month, a time to celebrate those 65 and older through ceremonies, events and public recognition.

38.9 million

The number of people 65 and older in the United States on July 1, 2008. This age group accounted for 13 percent of the total population. Between 2007 and 2008, this age group increased by 927,305 people.

Source: Population estimates <<http://www.census.gov/popest/national/asrh/NC-EST2008-sa.html>>

88.5 million

Projected population of people 65 and older in 2050. People in this age group would comprise 20 percent of the total population at that time.

Source: Population projections

<<http://www.census.gov/population/www/projections/summarytables.html>>

520 million

Projected 2009 midyear world population 65 and older. Projections indicate the number will increase to 1.53 billion by 2050. The percentage of the world's population 65 and older would increase from less than 8 percent to 17 percent over the period. By 2050, Europe's rate would be 29 percent.
